

VICTORY IN THE CROSS OVER

1. Victory is on the other side

Mark 4:35-40(TPT)

There may be other people facing the same struggle alongside us. Everything may be going great and then a storm all of a sudden appears in your life. But what becomes of our mindset when things are great and then in a moment are not? Why don't we keep calm when the storm rages? We know who our source is. Why don't we act like it?

2. Don't let your mindset rob you of your victory

Exodus 14:5-18, 21-23, 25-28, 30-31(NIV)

We know that God is fighting our battles for us. We need our mindset to catch up with that reality

3. Put down the glass

Glass example

Matthew 11:28-30(TPT)

Too many times, we are focused on the things that weigh us down instead of focusing on walking in the freedom that God provides.

4. There's freedom at the cross

Matthew 27:26, 28-31, 33-35, 45-52(TPT)

Some of us need to understand that we've been walking around in our pity party for far too long. We've been giving the devil the credit for far too long. It's time we realize that our struggles ended at the cross and we need to start walking in the freedom that God desires us to walk in.

The world is looking at us for the answers. They are watching how we handle our own struggles.

John 3:16(TPT)

Jesus' death on the cross allows for us to have an avenue to give up our hurt and pain and struggles so that we can walk free and be able to help others walk in the same freedom.
